Sometimes people ask me "when" the Art Trail is happening?

After more than five years, it's still enormously satisfying to reply, "ALL YEAR ROUND"! The aim of the Macedon Ranges Art Trail has always been to continually promote our artistic community. And that's because it deserves ongoing recognition, support and celebration.

The artists, groups, galleries and businesses listed in this brochure represent a small albeit worthy snapshot of an abundantly talented region.

Not everyone is an artist but art is for everyone – today, tomorrow and always.

It is a privilege for me to introduce the 5th edition of the MRAT brochure.

I am proud to be part of this region's arts community and to be associated with so many wonderful artists whose friendship I regard highly.

It has been through the hard work and vision of Nadine who has given so freely of her time that all of this has been possible.

The inclusive spirit we all share is our greatest strength, and by supporting each other's endeavours we will raise the status of the arts to its rightful place within the Macedon Ranges and surrounding areas.
