If you're up for a challenging ride through some of the lesser travelled parts of the region, this is for you. Exiting Kyneton you'll wind your way up Sidonia Rd. This narrow tree-lined road has a few challenging climbs but the granite rocks and views make it all worthwhile. Turn onto the famous Burke and Wills track and ascend the largest climb of the ride. Enjoy the views from the top before this stunning ride winds back down to Lancefield and home to Kyneton.
