

New Wombat Loop

Photo: New Wombat Loop

Rating ★★★

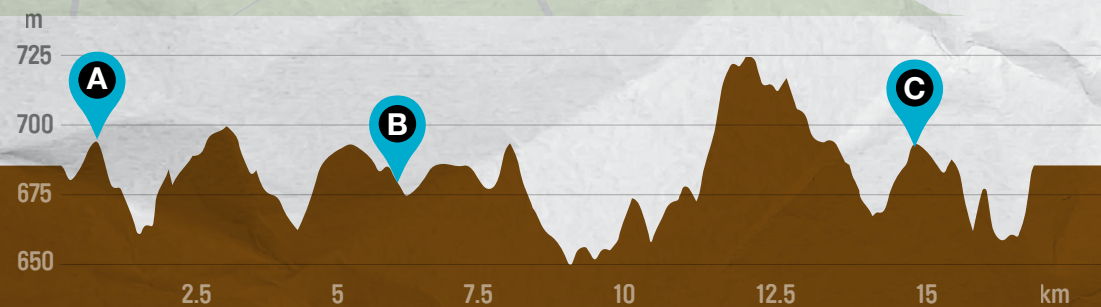

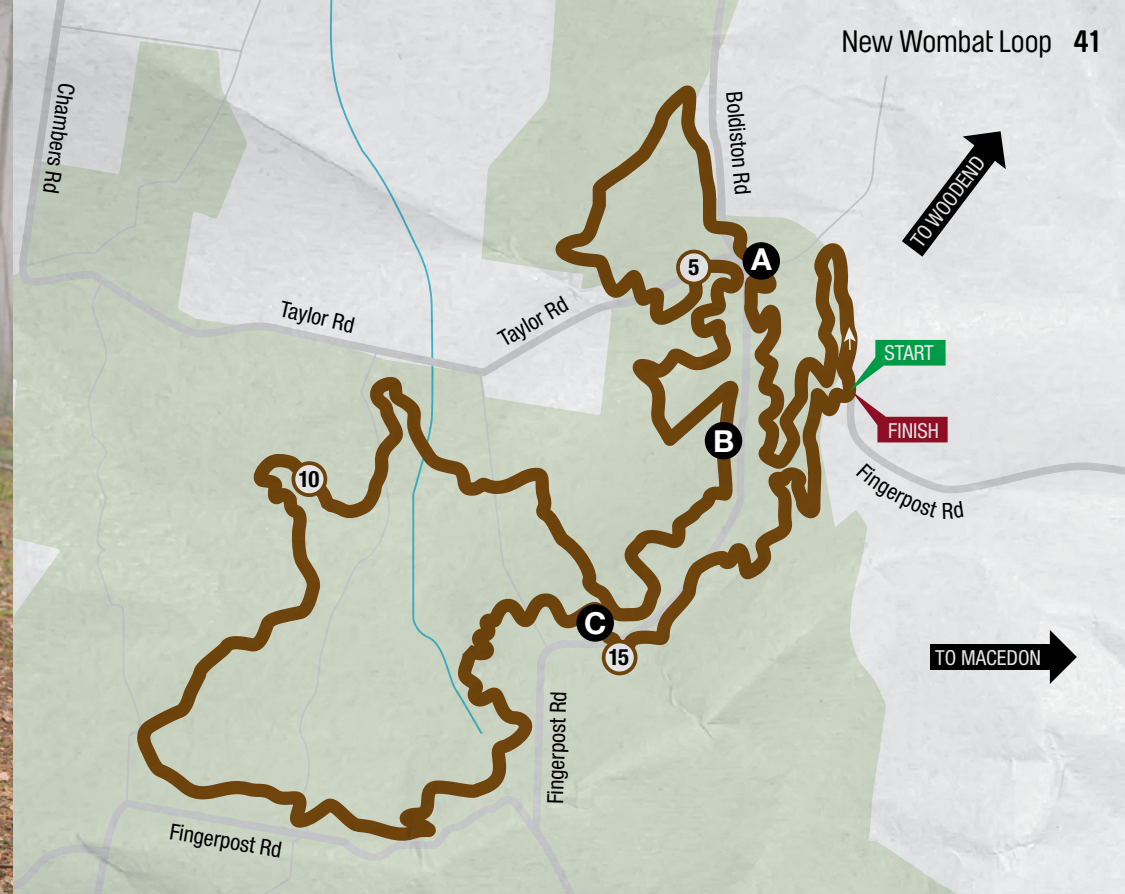

Distance 17 km

Elevation 62 m

Ride Time 1h 20min

There's over 100 km of single track in the forest surrounding Woodend, and this particular area in Wombat Forest ticks all the boxes. The 'New Wombat Loop' is the latest addition to the network. Weave and flow through this fully maintained trail which has been armoured for year round riding by the local Wombat Mountain Bike Club. Once you're here explore the vast expanse of trails within the forest or nearby trails in the foothills of Macedon Regional Park.

Places of interest on this ride

- A** Check out the trailhead Information board to learn more about the experience that lies ahead
- B** Keep an eye out for the wombat burrows on either side of the track
- C** Choose your own adventure at 'The Junction' where track one and two meet
