1. Macedon Railway Station to Old Scout Camp
2km, 40 minutes one way

From the station, walk north along Smith Street and Middle Gully Road to the Old Scout Camp site. Look out for native orchids and Kangaroo Grass, widespread before European settlement, but reduced by grazing and early land management practices.

Near the Old Scout Camp is one of the many stone bridges on the Melbourne-Bendigo railway line. The Sunbury to Woodend section was opened in 1861.

2. Old Scout Camp to Bawden Road/Douglas Road
1.4km, 25 minutes one way

You now enter Macedon Regional Park. Follow the arrows east. Shortly after crossing the shallow creek, turn left and begin walking uphill. After some time, follow the arrow pointing left. At the embankment, climb the stairs and cross Bawden Road. To continue your walk, take the second wooden staircase.

3. Bawden Rd/Douglas Rd to Macedon War Memorial Cross
2.2km, 1 hour one way

The track runs parallel with the road for a short distance before zigzagging up the southern face of Mount Macedon. This is the steepest part of the track and may be slippery. On passing Hoods Track, you begin to leave the dry slopes and enter wetter Messmate/gum forest.

Since the Ash Wednesday fires of February 1983 there has been prolific regeneration including stands of wattle, Messmate, Snow Gum and Alpine Ash. The understorey features Hazel Pomaderris and Hop Goodenia, and ferns such as Mother Shield and Fishbone. The track merges on to a sealed path in the Cross Reserve. Turn left to exit the war memorial cross reserve via the Gatehouse.

4. Macedon War Memorial Cross to Cameron Picnic Ground
1.8km, 30 minutes one way

Walk towards the Tearooms, turn left and follow the sign to the Western Lookout loop, with views of Woodend and the surrounding areas. Return to the main track and proceed in a north-west direction through the Messmate forest, where you might see wallabies and wombats and hear many types of birds.

Cameron Picnic Ground is a good place to plan a break - it is 200m to the right off the main track.

5. Cameron Picnic Ground to Camels Hump
2.7km, 1 hour one way

Return to the main track and head north-east. The track heads around the northerly aspect of the range crossing several management tracks, eventually merging into a dirt road at the boundary of private properties. Turn right and follow the signs to McGregor's Picnic Ground.

The track continues along the northern boundary of the picnic ground to a management track - turn right and follow the signs to Camels Hump carpark. A short 500 metre walk takes you to the peak of Camels Hump.

A direction dial on the viewing platform helps you identify features in the surrounding landscape including the Hanging Rock.

From Camels Hump you have two return routes options:

- Walks 6 to 9 - 10.3km - 3.5 hours.
Travel the south-east face of Mount Macedon towards Macedon Railway Station via Cameron Drive
- Walks 10 to 14 - 8.7km, 3 hours.
Continue along the walking track towards Sanatorium Lake

6. Camels Hump to Clyde Track (via Cameron Drive)
1.4km, 30 minutes one way

To continue the loop walk (Sections 7 & 8) back to the Macedon Railway Station, return to Camels Hump carpark, then follow the Cameron Drive road easement back towards the Memorial Cross. Turn left at Clyde Track.

7. Clyde Track to Alton Road
1.4km, 25 minutes one way

Follow the descending track through the remnant stand of wet Messmate/gum forest through the plantation areas leading out of the Park into Alton Road.

8. Alton Road to Douglas Road/Bawden Road
2.8km, 1 hour one way

Follow Alton Road down to Douglas Road / Bawden Road, passing Alton and Hascombe historic homes. Alton Road has views to Mount Towrong and over Mount Macedon township.

9. Douglas Road/Bawden Road to Macedon Railway Station
4.7km, 1.5 hours one way

At Douglas Road turn right to go back to the embankment stairway, the Old Scout Camp and Macedon Railway Station. Alternatively, turn left to the township of Mount Macedon.

10. Camels Hump to Days Picnic Ground
1.8km, 30-40 minutes one way

The circuit track loops around the Camels Hump and continues over Mount Macedon Road and on to Days Picnic Ground.

11. Sanatorium Eco Tourism Trail to Zig Zag Track
2.6km, 45 minutes one way

Continue through Days Picnic Ground, cross Lions Head Road to the start of the Eco Tourism Trail. Follow the signs to Sanatorium Lake. Take a stroll around the lake or follow the signs to Sanatorium Picnic Ground. Continue through this picnic ground to Barringo Road and veer left to the start of Zig Zag Track.

12. Zig Zag Track to Hemphill's Track
1.3km, 15-25 minutes one way

The Zig Zag Track winds its way down through wet Messmate forest to Hemphill's Track. Listen out for the many bird species calling through the valley.

13. Hemphill's Track to Mount Towrong Track
1.5km, 25 minutes one way

Hemphill's Track branches left off Zig Zag Track and takes you through tall Messmate and gum forest.

14. Mount Towrong Track to Anzac Road (Macedon)
1.5km, 45 minutes one way

Turn right off Hemphill's Track and continue along Mount Towrong Track towards its summit. The understorey consists of Prickly Moses with dense Wiregrass, while the upper storey vegetation changes to dry Messmate, Broad-leaved Peppermint and Long-leaved Box.

From the western face of Mount Towrong, you can see Mount Macedon and local areas. The track becomes steep as you walk down towards Anzac Road.

Descend the stairs and turn left then follow Anzac Road back towards Mount Macedon.

Pick up walk sections 9, 2 and 1 to return to Macedon Railway Station.
